Morning Activities

Good afternoon tiger families! This morning it was a bit wet and rainy so we decided it would be best to set a few activities under the veranda.

Miss Elin set up the green tepee with some cosy cushions and books so it was ready to be used as a reading corner for the children! This was different for some of the new tigers which they loved, it was lovely to see them enjoying some books together.

We also had some colouring in for the children to explore independent drawing. While the boys were off building particular stations for the wooden cars to have a quick break at, it is so funny to see what our tigers decide to come up with in their imagination!

Group Time

Pre Kindy Group Time:

While waiting for all of their friends to finish eating their fruit the Tiger's sat on the mat reading a book quietly. Once everyone was done I joined them asking them to put all the books away. We then said Good Morning to all the educators and friends in the room before going through the rules on the mat.

I then did some number and letter recognition with the children before reading "Yiqu and The Magic Shoes" and "Anna's Sleep Over."

After we finished reading it was time to go off and play.

-Tilly

Kindy Group Time:

After greeting to Miss Beibei and each other, kindy children started to sing the days of the week song. We went through Sunday to Saturday. The children figured out today was Wednesday with the hint given by Miss Beibei. Then we talked about the weather today. They started to have the idea and could use the right word to describe the weather. They said together today was cloudy. We then read the books "The Anteater's Tongue" and "Tiger and Monkey". The poor anteater got his tongue stuck in the log. We learned position word such as in, under, into and the children knew what these words meant and showed me the examples. The children learned to be nice in the other book. Every time when we read stories, we had a lot of discussion and the children answered quite a few questions related to the story. It helped them to practise their reading, listening and communication skills.

-Beibei

LO 5.1 – Children interact verbally & non-verbally with others for a range of purposes

LO 5.2 – Children engage with a range of texts & gain meaning from these texts

Activity Time

Today for activity time we had so many different activities out for the children to explore different skills.

On one mat there was lego out to work on fine motor skills. On the other mat there was fairy land set up for the children to use their imaginations. Large duplo was also out to play with.

At the table playdough was setup for some sensory and social play.

Art

We read the story “Tiger and Monkey”. The children said we could paint the tiger today. Miss Beibei got the paint and brushed ready and sat with the children. The children observed the tiger picture and tried to put the tiger down on the paper. Miss Beibei gave some instructions such as starting with the head and then the body. The children did a marvellous job and they really liked the tigers they painted. We will continue paint the tigers tomorrow and Friday.

LO 4.3 – Children transfer & adapt what they have learned from one context to another
